## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
First Care Family Resources, Inc.  
West Palm Beach, Florida

We have audited the accompanying financial statements of First Care Family Resources, Inc. (a nonprofit organization) which comprise the statements of financial position as of December 31, 2020 and 2019 and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of First Care Family Resources, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

**Nature of activities**

First Care Family Resources, Inc. (First Care) is a faith and community-based educational and health and welfare organization serving Palm Beach County, Florida. Its principal mission is to offer counseling and other assistance to women through the operation of pregnancy medical clinics.

First Care's mission is carried out by the operation of women's health clinics under the brand name of 'Palm Beach Women's Clinic'. Client services include programs designed to assist women in confronting and dealing with the physical, emotional, economic and social issues associated with pregnancy by offering counseling, pregnancy tests, sonograms, STI testing and treatment, infant and maternity clothing, baby food, infant formula and other goods and services to women in need.

First Care is managed by a full-time professional staff under the oversight and direction of a volunteer Board of Directors (the Board or Board of Directors). It vigorously enforces its policy to provide services to those in need regardless of the client's ability to pay. Accordingly, First Care is significantly dependent upon gifts and charitable contributions to assist in subsidizing nonrevenue-producing services.

**Basis of accounting**

First Care's financial statements are prepared on the accrual basis of accounting and in accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*.

**Basis of presentation**

First Care records unconditional promises to give (pledges) as contributions at fair value at the date the promises are received or made and distinguishes between promises received for each net asset category in accordance with donor restrictions, if any.

Net assets and revenue, expenses, gains and losses are classified as net assets with donor restrictions and net assets without donor restrictions based on the existence or absence, respectively, of donor-imposed restrictions. Accordingly, net assets of the First Care and changes therein are classified as follows:

**Net assets without donor restrictions** – Net assets either not restricted by donors or the donor-imposed restrictions have expired.

**Net assets with donor restrictions** – Net assets subject to donor-imposed stipulations that may or will be met either by actions of First Care or the passage of time and net assets subject to donor-imposed stipulations to be maintained permanently by First Care. Generally, the donors of these assets permit First Care to use all or part of the earnings on related investments for general or specific purposes.

**FIRST CARE FAMILY RESOURCES, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

---

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The use of estimates includes, but are not limited to, amounts earned in the reporting period under grant contracts, the estimated value of in-kind services, the allocation of expenses among program and support categories, and useful lives of depreciable assets. Actual results could differ from those estimates.

**Cash and cash equivalents**

Cash and cash equivalents consist of non-interest-bearing demand deposit accounts and interest-bearing money market accounts. Cash equivalents are short term investments with a maturity date of three months or less from the date of purchase. The concentration of credit risk associated with cash and cash equivalents is considered low due to the credit quality of the financial institutions and the immediate availability of these financial instruments.

**Pregnancy clinic supplies**

Infant and maternity clothing, diapers, baby beds and bedding accessories, strollers, nonperishable food and other items on hand at year-end are valued at cost for items purchased and at estimated fair value for donated goods. Inventory items are not resalable. Items are held for distribution to needy persons and their families.

**Property and equipment**

Property and equipment is stated at cost, if purchased, or if acquired by contribution, at estimated fair value on the date of contribution. Depreciation is provided for using the straight-line method over the five to ten year estimated useful lives of the assets. Office, computers and medical equipment are generally assigned an estimated useful life of 5-years; office furniture is assigned a useful life of 7-years; and leasehold improvements are generally amortized over a 10-year period. Expenditures for furniture and equipment costing \$1,000 or more are capitalized; lesser amounts are expensed.

**Board designated net assets**

The Board of Directors established an operating reserve with the objective of setting aside funds to be drawn upon in the event of financial distress or immediate liquidity need. The operating reserve balance totaled \$239,975 and \$140,000 at December 31, 2020 and 2019, respectively. The funds may be released from designation by majority vote of the Board of Directors' Finance Committee with notification to the entire Board.

**Compensated Absences**

First Care compensates its employees for designated holidays, vacation and sick time. The amount accrued as of December 31, 2020 and 2019 is \$35,555 and \$24,257, respectively.

**FIRST CARE FAMILY RESOURCES, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

---

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair value of financial instruments**

The carrying values of cash and cash equivalents, unconditional promise to give, accounts payable, and accrued vacation and other liabilities are reflected in the financial statements at fair value because, in management's opinion, the short maturity of these financial instruments is equal to the price that would be received to sell the assets or paid to transfer the liabilities in an orderly transaction between market participants at the measurement date.

**Revenue recognition**

Financial support is provided by private sector grants, public donations and gifts. Private grants and public contributions are recognized when received or when a donor or grantor makes an unconditional promise to give. Donor pledges are considered intent to give rather than an unconditional promise to give. Accordingly, pledges are not recognized as support at the time of the pledge. Contributions that contain donor stipulations that limit the use of an asset for specific purposes or designates the support for future periods, are reported as an increase in net assets with donor restrictions and net assets without donor restrictions depending upon the nature of the restriction. When a donor restriction expires, that is, when a stipulation time restriction ends or a purpose restriction is accomplished; net assets with donor restrictions are reclassified and reported in the statements of activities as net assets released from restrictions. Donor contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

Contributions of long-lived assets (e.g., property and equipment) or contributions that the donor requires to be used to acquire long-lived assets are reported as net assets with donor restrictions. First Care reflects the expiration of the donor-imposed restriction when long-lived assets have been placed in service, at which time net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

**Contributed services and goods**

Donated services that create or enhance a non-financial asset or that require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded as in-kind service income and in-kind expense at their respective fair value in the period received. Services donated by volunteers that do not meet those criteria are not recorded as in-kind services. Donated goods and supplies are recorded at their fair value when received.

**Functional classification of expenses**

In the accompanying statements of activities, expenses have been reported by their functional classification, a method of grouping expenses according to the purpose for which they were incurred. The primary functional classifications are program services and supporting activities. Program services are the activities that result in services being provided to members that fulfill the purposes or mission for which First Care exists. Supporting activities are all activities of organizations other than program services and are included in the financial statements as management and general expenses and fundraising expenses.

**FIRST CARE FAMILY RESOURCES, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

---

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Functional classification of expenses (continued)**

Expenses are recorded in the period in which the obligation is incurred. Expenses are charges directly to program services or support activities based on specific identification, when possible. Indirect expenses are allocated among the programs and support categories based on the level of benefit received as measured by personnel time and facility usage associated with the activity or function.

**Income taxes**

First Care is a tax-exempt, not-for-profit corporation under Internal Revenue Code (IRC) Section 501(c)(3). Accordingly, no provision for income taxes has been made in the accompanying financial statements. The Internal Revenue Service notified First Care by letter dated April 12, 1984, that its governing documents and plan of operations were designed in accordance with section 501(c)(3) of the Internal Revenue Code (the Code)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by First Care and recognize a tax liability if First Care has taken an uncertain position that more than likely would not be substantiated upon examination by the tax authorities. Management monitors the on-going financial and functional activities undertaken by First Care for compliance with its exempt status requirements and has concluded that for the tax reporting periods ended December 31, 2020 and 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. First Care is no longer subject to income tax examinations for years prior to 2017.

**Recently Adopted Pronouncements**

In June 2018, the FASB released ASU 2018-08, Not-for-Profit Entities (Topic 958) *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, to assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. The adoption of ASU 2018-08 resulted in no impact to the financial statement during the year ended December 31, 2020.

**Recent Accounting Pronouncements**

The FASB has issued the following accounting standards updates that may affect First Care in future years. Management is evaluating the effects, if any, of the following updates:

- ASU 2016-09, *Leases*, will be effective for First Care for the year ending December 31, 2021 and must be adopted using a modified retrospective method. ASU 2016-02 generally requires lessees to recognize assets and liabilities arising from leases on the statements of financial position.
- ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, will be effective for the year ending December 31, 2022. ASU 2020-07 seeks to increase the transparency of contributed nonfinancial assets for not-for-profit entities through enhancements to presentation and disclosure.

**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

**NOTE B – UNCONDITIONAL PROMISES TO GIVE**

Unconditional promises to give are recorded as receivables and support when received or promised. These contributions are considered unconditional promises to give which is a promise to give that depends only on the passage of time or demand by the promisee for performance. Unconditional promises to give that are due beyond one year have been measured using the net present value of future cash flows based on a discount rate of 3%. For the year ended December 31, 2020 no discount for future payments has been recorded as the calculated amount was immaterial. The allowance for uncollectible pledges is based on management's estimate of uncollectible amounts in the future. As of December 31, 2020 and 2019, management determined no allowance for uncollectible pledges was needed.

Unconditional promises to give at December 31, 2020 and 2019 were as follows:

	<u>2020</u>	<u>2019</u>
Unconditional promises to give	\$ 253,000	\$ 273,500

**NOTE D – LONG TERM DEBT – PPP LOAN**

In 2020, First Care applied for and was approved for a \$231,400 loan under the Paycheck Protection Program (PPP loan) created as part of the relief efforts related to COVID-19 and administered by the Small Business Administration. The PPP loan accrues interest at 1%, but payments are not required to begin for six months after the funding of the PPP loan. First Care is eligible for PPP loan forgiveness of up to 100% of the PPP loan, upon meeting certain requirements. The PPP loan is uncollateralized and is fully guaranteed by the Federal government. As of December 31, 2020, the outstanding balance was \$233,023 which includes accrued interest. On June 15, 2021 First Care received notice from the Small Business Administration (SBA) that 100% of the PPP loan has been forgiven.

**NOTE E – RETIREMENT PLAN**

First Care maintains a SIMPLE IRA plan under Code Section 408(p). Under the plan, employees are able to contribute up to the maximum allowed by the Internal Revenue Service. First Care made matching contributions of \$20,699 and \$15,810 for the years ended December 31, 2020 and 2019, respectively.

**NOTE F – IN-KIND CONTRIBUTIONS**

First Care receives the majority of baby and maternity supplies from individuals and churches, which are recorded as in-kind support at estimated fair value. In accordance with the accounting policies set forth in Note 2, the estimated fair value of the donated services rendered by nurses and other medical professionals and the rental value of donated facilities are recorded as in-kind support and expense in the accompanying statements of activities. Furthermore, the receipt of donated equipment or the purchase of equipment at a price significantly below its current value is also recorded as in-kind support.

In-kind support for the years ended December 31, 2020 and 2019 consisted of:

	2020	2019
Baby and maternity supplies	\$ 7,927	\$ 12,189
Sonogram equipment and supplies	-	40,500
Volunteer professional nurses	6,989	10,574
	\$ 14,916	\$ 63,263

Volunteer time that did not meet the criteria for recognition in the accompanying financial statements totaled 987 and 4,901 hours for the years ended December 31, 2020 and 2019 having an estimated fair value of \$26,860 and \$120,997, respectively.

**NOTE H – CONCENTRATIONS OF CREDIT RISK**

Financial instruments which potentially subject First Care to concentrations of credit risk consist principally of cash and cash equivalents. First Care maintains its cash and cash equivalents in various bank deposit accounts which, at times, may exceed federally insured limits. First Care has not experienced any losses in such accounts.

As of December 31, 2020, 99% of unconditional promises to give are due from two donors, management believes the unconditional promises to give to be fully collectible.

As of December 31, 2019, 73% of unconditional promises to give are due from one related party donor, management believes the unconditional promise to give to be fully collectible.

**NOTE K – SUBSEQUENT EVENTS**

In the normal course of preparing First Care's financial statements, management reviews events that occur after the statement of financial position date, December 31, 2020, for potential recognition or disclosure in the financial statements. Management has evaluated subsequent events through June 19, 2021, which is the date the financial statements were available to be issued.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of multiple businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings. Therefore, First Care expects this matter to negatively impact its operating results. However, the related financial impact and duration cannot be reasonably estimated at this time. On June 15, 2021 First Care received notice from the Small Business Administration (SBA) that 100% of the PPP loan has been forgiven (See Note D).
