

Your Role

You are the voice of First Care in your church!

**Your goal is to get people in your church excited
about the Walk for Life.**

Great ways to get your church involved:

1. Meet with your pastor and/or church leaders and ask them to:

- Consider personally participating in the Walk for Life.
- Show the video and make an announcement during the church service.
- Mention the Walk for Life in the bulletin or electronic newsletter.
- Share about the Walk for Life on social media.

2. Set up a table in the lobby (with your church's permission):

- Share about First Care's impact in our community.
- Encourage people to register online at www.wewalkforlife.com.
- Explain how people can participate and become fundraisers.
- Share the excitement: Raise funds for First Care, gather together with hundreds of pro-life supporters, enjoy free food, music, and fun while walking!
- Share about the prizes that fundraisers can earn.

3. Make announcements to groups in your church:

- Women's Ministry.
- Life Groups, Bible Study Classes, and Sunday School Classes.
- Missions/Community Outreach Teams.
- Student Ministry.
