FIRST CARE WOMEN'S CLINIC NEWSLETTER - FALL 2023

From our Executive Director

One of First Care's former board directors could never understand why everyone didn't support us. "We're saving babies," he would say, "and there is nothing wrong with that!"

I have learned over the past two decades of pregnancy center ministry that there is only one group of people who actively support the work of First Care and other similar organizations. Those are the *passionately pro-life*.

They are the ones who start organizations like First Care. They volunteer. They serve on our board. They show up to Walk for Life. They represent First Care in their churches. They preach sermons on abortion. They look for ways to help single mothers. They show love and mercy to pregnant women in their hour of deepest need. If you are reading this, there is an excellent chance that this describes you!

(continued on reverse)

Building Update

Our building project has been granted final site plan approval.

This allows us to apply for our building permit!

Our goal is to open by December 2024.

First Care empowers women facing crisis pregnancies to choose life for their unborn children, while sharing the love and good news of Jesus Christ.

FIRST CARE WOMEN'S CLINIC NEWSLETTER - FALL 2023

(continued from front)

I want you to know how grateful we are for you, and I also want you to know that First Care is more effective in saving babies from abortion than ever before! We are on track this year to save more lives than last year, and more women have already accepted Jesus as their Lord and Savior than all of last year.

I have to agree with our former board director:
You are saving babies, and there is nothing wrong with that!

Blessed to work alongside you,

Beau Heyman

P.S. Scan the QR code to make a lifesaving gift!

Walk for Life

Our 40th Annual Walk for Life was this month, and it was a huge success!

500 people, walked, jogged, and sprinted for life!

Thank you for helping us exceed our fundraising goal of \$150,000!

We hope to see you there next year!

"I thank God everyday for Enzo and the choice that I made for life!"

Do you remember Isabella? She was studying at FAU when she got pregnant.

You were instrumental in her decision to choose life for her unborn son, Enzo.

We are happy to report that after taking a semester off, Isabella went back to school and achieved her childhood dream of becoming an architect!
